Bug-report	
ID	BR01
Summary	No error message appears when the user uploads a document instead of an image on the profile page.
Pre-conditions	Open the website [URL].
	The user must be logged in.
Steps	1. Go to the Profile page.
	2. Try to upload a document (e.g., PDF or Word file) as a profile picture.
	3. Observe that no error message appears.
Expected result	An error message should appear informing that only image files can be uploaded.
Actual result	No error message appears.
Post-conditions	The Profile page remains unchanged.
Environment	Version 133.0.6943.98 (Official Build) (arm64), Google Chrome
Severity	Medium
